

Astro Loyalty

API Integration

Astro Loyalty Integration using URL Query String Method V2

Integrating with Astro Loyalty via URL Query String

The easiest method of integration with the Astro Loyalty Platform is using the URL Query String method. The POS system simply needs to open a web browser to the Astro Loyalty Query URL and pass the relevant information to Astro via the Query String. This allows the Astro Loyalty platform to manage all the program rules and redemption rules and requires the least amount of application development on with the POS system. Below is the URL and query string parameters.

URL: <https://secure.astroloyalty.com/api/query/>

Query String Authentication Parameters:

apiusername – The Astro API Username as provide under My API Credentials in the Astro platform
apipassword – The Astro API Password as provided under My API Credentials in the Astro platform

Query String Customer Parameters:

CustomerID – The POS unique customer id
FirstName – The POS Customer First Name
LastName – The POS Customer Last Name
Email - The POS Customer Email Address
Phone – The POS Customer Phone (optional)
Address – The POS Customer Address (optional)
City – The POS Customer City (optional)
State – The POS Customer State (optional)
Zip – The POS Customer Zip (optional)

Query String Transaction Parameters:

UPC# = UPC for item, can be repeated as necessary using the format UPC1, UPC2, UPC3, etc...
Description# = Corresponding description of item, again repeated as necessary using Description1, Description2, etc...
Qty# = Corresponding item qty, repeated as necessary using Qty1, Qty2, Qty3
TID# = POS Transaction ID, repeated as necessary using TID1, TID2, TID3 (optional)
Price# = POS Item Price, repeated as necessary using Price1, Price2, Price3 (optional)
Cat# = POS Item Category/Group, repeated as necessary using Cat1, Cat2, Cat3 (optional)

SubTotal = Transaction subtotal. Optional field used if Retailer is using Astro Loyalty Reward Points

Query String Example:

<https://secure.astroloyalty.com/api/query/?apiusername=apitestaccount@astroloyalty.com&apipassword=3sd%02%03&CustomerID=12131&FirstName=Jeff&LastName=Smith&Email=jeff.smith@gmail.com&TD1=121122&UPC1=00041693221211&Description1=Anchovy+and+Sardine+15lbs&Qty1=1&Price1=23.99&Cat1=Kibble&TID2=121123&UPC2=00041693249536&Description2=Chicken+Meal+and+Rice+30lbs&Qty2=2&Price2=78.50&Cat2=Kibble&TID3=121124&UPC3=00041693221310&Description3=Duck+Meal+Recipe+30lb&Qty3=1&Price3=38.25&Cat3=Freeze+Dried&SubTotal=140.74>
